## 2013 International Hazard Mitigation Practitioners Symposium

# NHMA

Natural Hazard Mitigation Association

**When:** July 16-17, 2013

**Where:** Broomfield, Colorado

**Theme:** From Grassroots to Global:  
Reducing Disaster Losses through  
Mitigation and Adaptation

The Symposium is designed to provide insight into best practices for mitigation. The program sessions will focus on fresh perspectives, broad visions, and inclusive management techniques that are fundamentally changing communities at home and abroad in terms of hazard mitigation and reducing risk. Please plan on attending. Still wondering about program details? Go to [nhma.info](http://nhma.info) to view our Symposium program, or visit <http://nhma.info/practioners-workshops/2013-workshop/> and click on the "Symposiums/Workshops" tab to register. Select 2013 Symposium, and scroll to the registration form. QUESTIONS? PLEASE CONTACT [nathazma@gmail.com](mailto:nathazma@gmail.com).
