

FEMA

Mitigation Planning:
Reducing Risk, Supporting Communities

Upcoming State and Local Mitigation Planning Policy Updates

This year, FEMA is updating both the State and Local Hazard Mitigation Plan Review Guides. Plan Review Guides are the FEMA's official interpretation of Title 44 of the Code of Federal Regulations (CFR), Section 201.4-7, which outlines requirements for State and Local hazard mitigation plans. Both policies are available to read on FEMA's website:

- [State Mitigation Plan Review Guide](#) (March 2015)
- [Local Mitigation Plan Review Guide](#) (October 2011) / [Guía de Revisión del Plan Local de Mitigación](#) (Octubre 2011)

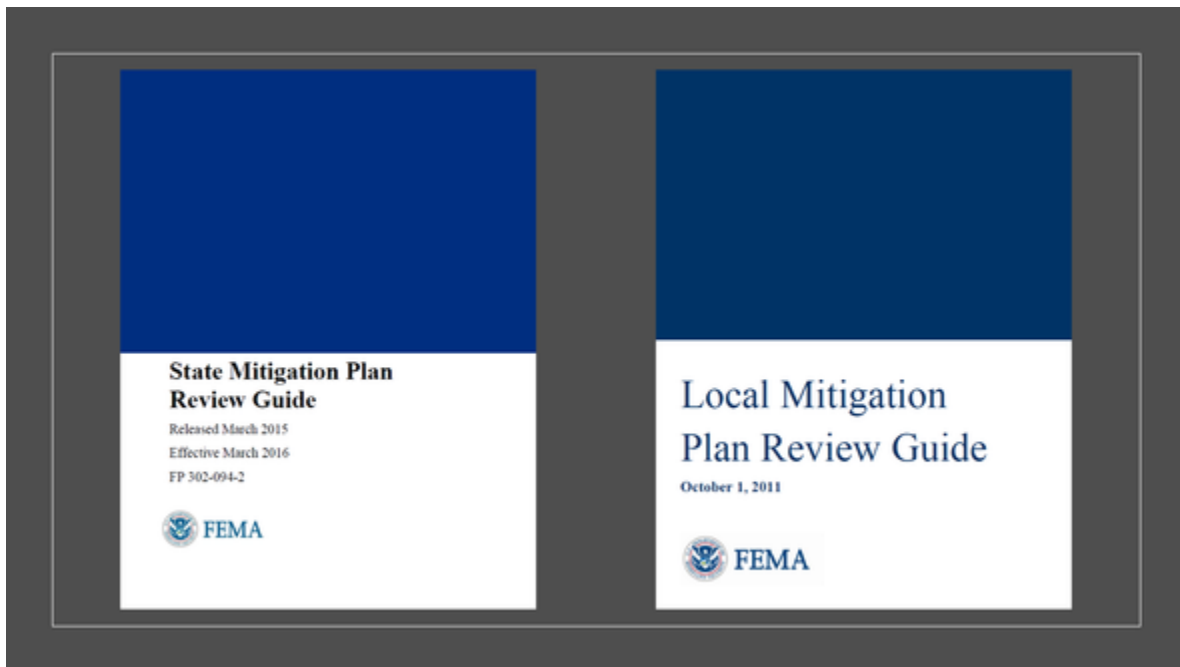

FEMA has an online presentation providing a high-level overview of State and Local Hazard Mitigation Planning guidance, and shares information on how you can provide feedback on existing policies. You can access the video on FEMA's YouTube channel:

<https://www.youtube.com/watch?v=w3gaXCInsuE>.

Those interested in providing ideas and feedback on either guidance can send them to fema-mitplan-guide-updates@fema.dhs.gov through **August 14, 2020**. We will summarize the feedback we receive and will share the summary following August 14.

Additional information on hazard mitigation planning is available on FEMA's website:

<https://www.fema.gov/hazard-mitigation-planning>.
